## "Making A Difference"

Though living in a developing nation, many Jamaican families still struggle to exist due to high unemployment, high inflation and rising prices for food and basic living supplies.

The Founders of The Jamaica Hope Foundation, Inc. for over a ten (10) year period had personally contributed to many families that were experiencing these challenging situations. The Founders were providing food, clothing, and school tuition fees to many families from their own private resources! They realized that the needs were great and it takes more than one generous heart to reach out to a whole nation; therefore "THE JAMAICA HOPE FOUNDATION, INC. was established. (a non-profit 501(c)3 organization) Today the foundation is on a mission to improve living conditions for families in Jamaica. Through our individual and family support programs and community integration, we impact their lives with food, clothing, children school supplies, living condition improvements, access to education, and more. We also provide aid and basic necessities in time of natural and environmental disasters.

Knowing that you have heard the cheers of hope by supporting The Jamaica Hope Foundation in their annual golf tournament, their cheers have become louder! Now a ray of hope can return to the many lives of Jamaican families thanks to your participation!

Our team is saying thank you all far in advance for your support and participation!

Sincerely,  
Jamaica Hope Foundation, Inc.
